Dear Paul:

I just want to take this opportunity to thank you for allowing VVKR to participate in the debriefing this past Monday. It was extremely informative for our firm and I am sure it will aid us with future proposals.

Although we were disappointed that VVKR was not selected for the Master Planning project, we are looking forward to the prospect of future work with the Agency.

Thank you again for your consideration. If I may be of any further assistance, please do not hesitate to ask.

Sincerely,

William F. Vosbeck, Jr., FAIA
President
